Product highlights

High purity copper

This copper conductor provides high accuracy in signal transfer with minimal resistance.

Braided shielding

Copper braided reinforced aluminum shielding protects against signal loss and interference.

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Plug and play

Plug and play offers easy installation of components without time-consuming installations.

Metal shell

The metal shell protects the internal connection of the cable. It ensures durability and the reliability of your connection.

Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Rubber strain relief

Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.

Lead-free construction

Lead-free construction of environmentally friendly materials.
